## WHAT IS THE SOLUTION?

INTERNAL TRAILER LOCKS SUCH AS

**~~POWER IN LOCK~~**

REDUCE LOSS IN TWO WAYS:

1

**PREVENTS THEFT** BY CREATING A TAMPER-PROOF, KEYLESS, LOCKING MECHANISM. THIEVES LOOK FOR QUICK, EASY TARGETS, AND THIS SYSTEM SIGNIFICANTLY HINDERS UNAUTHORIZED ACCESS.

2

**A FULL AUDIT TRAIL** - IN THE CASE OF A MISSING OR DAMAGED SEAL, THIS CAN PROVE THE LOAD WAS NOT COMPROMISED. PROVIDES COMPLETE TRANSPARENCY AND ELIMINATES FRAUD AND FICTITIOUS PICKUPS.
