

QFoil® / QFoil® Extreme

QFoil® is an economical and versatile material that can supply thermal insulation packaging for entire loads, pallets or for lining containers. This quality, tear and puncture-resistant material is available in precut sheets or a roll.

QFoil® Extreme - a thicker, more durable version that our standard QFoil® - is a cost-effective, versatile material that can supply thermal insulation for entire loads, pallets, and container linings.

Why QFoil®?

- Lightweight and compact
- Economical
- Reversible foil and white poly
- Tear and puncture resistant

Applications

Markets

Help your products hold their integrity.
